

VOTE!

HEART OF AMERICA.ORG

OUR MISSION

The mission of VOTE! Heart of America.org is to create and maintain a national voter information website. Any voter or voter-to-be can find links to government, non-profit and other voting websites that address voter issues in every single state in America. Furthermore, we are dedicated to presenting News and Views that we hope will offer clarity on current voting issues from around the country.

Since every state has its own voting rules regarding registering to vote, acceptable ID's, times and places, etc., it is extremely important voters find out the answers – in advance – so they can vote when it matters. VOTE! Heart of America.org is the place to get all the voting answers you need.
